JANUARY 6TH - MAY 26TH

SIGN-UP BEGINS NOW!

I was raised in Tustin and attended Arroyo, Hewes and Foothill High School. My passion for tennis started early. I began playing tournaments at the age of ten. My junior tennis career produced 11 national championships and a singles CIF individual championship at Foothill. These and other achievements allowed me to earn a full tennis scholarship to USC. While I was at USC, I was a four-time All American and a NCAA doubles champion. I was on the ATP tour for six years, during which time I achieved a ranking of 18th in the world in doubles and top 200 in singles. I competed in all the major grand slam tournaments (Wimbeldon, French Open, Australian Open and US Open). I won 5 ATP doubles titles, one of which was the LA Open.

My coaching career started in 1993 here in Orange County. North Tustin Tennis was started in order to create a group program for all levels of play. My first goal is to teach beginners good fundamentals while at the same time providing an environment in which they can improve, compete, and enjoy this great game. The second goal is to get players ready to play high school tennis.

To achieve these goals, players get involved with USTA team tennis and tournament tennis. I also recommend private lessons in supplement to group lessons and competitive play.

The program is now 20 years old and is still a tremendous success! We continually develop hundreds of tennis players at all levels. Part of my personal joy is to be involved in all the classes and to know all the players by name. My involvement in all skill levels is rare, but is part of my passion for the game. My program continues to evolve and improve.

Playing tennis changes lives. If you follow my program... group lessons, private lessons, competitive play... your player will play high school tennis. Your player will also develop a confidence that will help them on and off the court. Tennis is a lifetime sport.

Though my program is dedicated to the development of competitive play, don't let that scare you. The biggest goal of this program is to introduce tennis to young people. They will love it. Give it a try. See you on the court.

- Tim Pawsat

Winter/Spring Schedule

A BASICS (BEGINNER/INTERMEDIATE):

- Players will be taught the basic fundamentals of tennis including serving, volleying and groundstrokes with a goal of developing the ability to play a competitive set. A skill called BUMPING will be introduced to get players rallying and competing as soon as possible. Players in this group will progress all the way to intermediate level.

Mondays & Wednesdays • 4:00-5:30pm • 41-Class Session

Payment Options:

Not month to month. Must sign up for ENTIRE session.

- **$1,700 for Entire Session or**
- **5 Equal Payments of $350**
  ($350 due at Signup, February 1st, March 1st, April 1st and May 1st)
- **No makeups for bad weather.**

B COMPETITION (INTERMEDIATE/ADVANCED):

- Players who have tennis experience or are proficient in the skills taught in the Basics class. This class is for intermediate to advanced players who are capable of playing league tennis and competitive tournaments and desire to improve their game. Daily we will drill on all the different shots in tennis. *Competitive Players must have a strong desire to compete and improve their tennis skills!*
